

2015 EDGE Fellow Biographies

Preeti Arigala holds a graduate degree in Engineering and Management from Case Western Reserve University. She completed her Bachelor's degree in Computer Science engineering from Manipal Institute of Technology, India. She has also lived in Kenya, Tanzania and Japan. Preeti hopes to enter the field of IT consulting and help companies implement business solutions that can advance their growth, and she will start at Apttus in August, 2015. She enjoys traveling, outdoor activities, spending time with her friends and family, catching the latest plays and always looks forward to new experiences. www.linkedin.com/in/preeti-arigala

Borna Arjomandi is currently studying toward a Master's in Business Administration at the Weatherhead School of Management. He previously studied at the University of Rochester where he graduated with a B.S. in Neuroscience. Borna is looking to pursue a career in management consulting upon graduating from business school. He has a passion for great films and enjoys gaming, improvisational theater and playing music in his spare time. www.linkedin.com/in/bornaarjo

Ryan Brown is a student at the University of Akron where he is working towards both a Juris Doctorate and a Master's in Business Administration. He received a B.A. in Political Science from the University of Ashland with minors in History and Economics. Someday Ryan would like to open a consulting firm that assists Northeast Ohio businesses that are struggling to remain competitive. Ryan enjoys reading, volunteering at his church, and trying to visit all 50 states by the time he's 35, and he and his wife celebrated the arrival of their 1st child (Margaret) in July, 2015. <https://www.linkedin.com/in/ryanbrown88>

Can Celikbilek is a PhD candidate (All-But-Dissertation) and Research Assistant at Ohio University's Industrial and Systems Engineering Department. He received his Master's degree in 2011 from OU's Department of Industrial and Systems Engineering and his B.S. in Industrial Engineering from Atilim University in Turkey. Can's main career interests include working in supply chain management and optimization problems in real-life industrial settings. He enjoys swimming, is an avid soccer player, and is planning to be a supply chain consultant in the near future. <https://www.linkedin.com/in/celikbilek>

Bill Henkel attends Cleveland State University where he is completing his Masters of Business Administration. He holds a B.S. in political science from the University of Akron. Bill has a professional background in finance and insurance and holds a number of licenses in both fields. He grew up in the area and is active in volunteering for the Junior Achievement organization teaching grade school students about basic economic concepts. Bill spends his spare time with close friends and family, reading, attending sporting events, and biking in the Metroparks. He will start a new job with the Veterans Administration this fall. <https://www.linkedin.com/in/billdhenkel>

Chris Hren attends the Case Western Reserve University School of Law where he is completing his Juris Doctorate. He holds a B.S. in Business Administration from The Ohio State University. His career aspirations include working as a business development consultant where he may apply the problem solving, leadership, and research skills he has honed throughout his educational and professional experiences. He hopes that with his help, entrepreneurs will be better positioned to tackle the challenges that come with owning and operating a business. Chris is an avid Cleveland and Ohio State sports fan and enjoys golfing, working out, and going out with his friends and family. <https://www.linkedin.com/in/chrishren>

Scott Krusinski attends the University of Akron where he is pursuing a Master of Business Administration. He has earned a Bachelor of Science in Mechanical Engineering with Automotive specialization from The Ohio State University. Scott is experienced in product development for the automotive and consumer products industries. His career aspirations include working in product development management where he can combine his interests in engineering and business, and he has recently accepted a position with Avery Dennison. Scott is enjoying living in Northeast Ohio by cycling, checking out the local food scene, attending Indians, Cavaliers and Browns games and spending time with friends and family. <https://www.linkedin.com/in/scottkrusinski>

Honghui (Jasmine) Liu is pursuing a Master's in Operations Research and Supply Chain Management degree at the Weatherhead School of Management. She earned her undergraduate degree at Shanghai University of Finance and Economics. Before Case Western Reserve University, she interned at IPSOS Business Consulting Firm where she completed a market research project and at Logitech where she handled order management. Jasmine's career goal is to work as a consultant to help companies find new market opportunities or realize continuous improvement. She also cares about environmental issues, which compelled her to join the Fowler Center at Weatherhead to learn more about sustainability and advanced tools in business to bring world benefit. www.linkedin.com/in/honghuiliu

Robert (Travis) Martin attends Case Western Reserve University where he is pursuing his MBA, and he completed his BBA at George Washington University with a major in International Business and minor in Economics. Travis has worked in both South America and Bolivia in production management roles in the tooling and industrial metals sector, and his career goals include working in operations management. Travis enjoys spending his free time running local road races, keeping up with as many podcasts as possible and attending Cavaliers and Browns games. www.linkedin.com/in/roberttravismartin3

Victoria Saybe currently attends the Weatherhead School of Management at Case Western Reserve University where she is completing her MBA degree. She has also earned a B.S. in Business with a concentration in sustainable development from the Universidad de San Pedro Sula in Honduras. Before graduate school, Victoria founded her own business and her longer-term career aspirations include contributing to job creation in Honduras and implementing sustainable practices. She has a real passion for providing better opportunities in education for students, and in her free time, she enjoys reading, good coffee, theater, and spending time with family and friends. www.linkedin.com/in/victoriasaybe

Paul Bryan Thomas attends the University of Akron where he is completing his MBA, and he earned his B.S. at the College of Wooster in International Relations. His Senior Thesis was on the impact of judicial quality upon foreign direct investment in Latin America. Paul has worked most recently as the Marketing Coordinator for Akron Waterways Renewed, a \$1.4 billion water infrastructure project. Additionally, he works closely with faculty at UA's Taylor Institute for Direct Marketing as an analyst on a number of business research projects. Paul's career aspiration is to apply his knowledge and experience to work in the world of data analytics. He is also a certified USPTA tennis professional. www.linkedin.com/in/paulbthomas7

Preeti Tuscano is completing her Master's in Business Administration at Case Western Reserve University. She holds a Bachelor's in Engineering degree in Information Technology from The University of Mumbai in India. Preeti has also worked as an associate consultant for TIBCO Global Services, a technology products company. She aspires to work as a consultant for a management consulting firm and intends to start her own boutique consulting firm. In her spare time, Preeti enjoys organizing social events, traveling, cooking and painting. <https://www.linkedin.com/in/preetituscano>
