

## EDGE Fellow Biographies – Class of 2018

**Mohammed Al-kalbani** attends Case Western Reserve University where he is completing his Master's in Operations Research and Supply Chain Management. He has also earned his B.S in Chemical Engineering from Oregon State University. His professional interests include demand planning, materials management, warehousing/transportation network optimization, and quantitative forecasting models. He enjoys playing soccer, ping pong, working out, and spending time with family and friends. He has also co-founded his own business in middle east, which is a startup that exports salvage cars and used auto parts from the US to the middle east through auction websites. **Dominic DeMore** is a M.B.A. Candidate from The Weatherhead School of Management at Case Western Reserve University. He attended Duquesne University where he received B.S. in Business Administration with a concentration in Marketing and Sales. Dominic's career aspirations are to work for a company that can have a lasting impact on society, and he envisions himself as the head of product development or design for a fast paced, growing company. In his free time, he loves to go to the movies, watch a baseball game or just relax with friends and family. **Kendall Furbee** attends the University of Illinois at Urbana-Champaign where she is completing her Bachelor's in Materials Science and Engineering. She is heavily involved in the entrepreneurial ecosystem in Illinois and recently completed a startup accelerator with the company she co-founded, Cut to the Case – which is an organization focused on increasing accountability and transparency throughout the sexual assault investigation process. Kendall aspires to be her own boss to engineer solutions to the world's problems and plans to continue to assist startups with growth strategies. She loves volunteering her time to teach STEM education to young girls and running with her golden retriever in the Cuyahoga Valley National Park. **Anuj Nirwal** is pursuing a Master's in Business Administration at Weatherhead School of Management. He has a bachelor's degree in Mechanical Engineering from Institute of Technology and Management. He has 6 years of experience in project management and operations in the energy sector, and his professional interests include operations and supply chain management and strategic planning. In the long term, he would like to pursue his career in consulting in operations and supply chain management. He enjoys reading, dancing, working out, running, hanging out with friends, participating in leadership activities and volunteering. **Susobhit (Shobhit) Sen** graduated from Case Western Reserve University with a Master's in Engineering and Management. Before starting this program, he worked with Honeywell International as a system engineer in a global role across four countries. He has a Bachelor of Technology degree (Control Systems) from Manipal Institute of Technology, India. Shobhit has been involved with various non-profits, such as Help Age (India) and the Red Cross. He enjoys reading about global trends and economics, public welfare, policies, human decision-making, business, and aviation. He wishes to have a career in the technology industry designing intuitive, safe and ethical products for masses. [www.linkedin.com/in/susobhitsen/](http://www.linkedin.com/in/susobhitsen/)

**Alexandra A. Vago** is pursuing an M.B.A. in Management at The University of Akron. She holds a B.S. in Music from Temple University and a Ph.D. in Ethnomusicology from Kent State University. She is pivoting her career from being an established professional freelance musician and educator in Northeastern Ohio to building her own service industry business. Her professional interests include ethnographic fieldwork, organizational behavior, and consumer research. Alexandra enjoys performing (viola/violin) with the Cleveland Pops Orchestra, Akron Symphony, and Akron Baroque. [www.linkedin.com/in/alexandra-a-vago](http://www.linkedin.com/in/alexandra-a-vago)

**Cheyenne Wu** attends Case Western Reserve University as a Master candidate in Business Analytics. She also earned a B.B.A in Accounting. Her interests include financial advisory, marketing analytics and predictive modelling. In the long run, she sees herself as a successful strategic business analyst. Additionally, Cheyenne enjoys playing violin, traveling and exploring new restaurants with family and friends. [www.linkedin.com/in/cheyenne-wu-b6b268ba/](http://www.linkedin.com/in/cheyenne-wu-b6b268ba/)

**Chris Yi** is pursuing his masters' degrees in Bioengineering and Computer Information Technology and a certificate in Engineering Entrepreneurship at the University of Pennsylvania. He also received his undergraduate degree in Neuroscience with a minor in Biomedical Research at UCLA. Chris is passionate about healthcare and aspires to use his engineering background to solve healthcare challenges. Upon graduation, he plans to join a consulting firm where he can gain deeper insights into the industry. He hopes to eventually break down the silos in healthcare and improve access for everyone. In his free time, he enjoys trying out different recipes in his kitchen and planning his next big trip using credit card points. [www.linkedin.com/in/christopher-yi/](http://www.linkedin.com/in/christopher-yi/)

**Holly Zaso** earned her Bachelor of Business Administration in Marketing with minors in both Finance and Sociology from Ohio University (2017). She loves finding a story through data and aspires to use her skills in a career in market research. She would like to help companies use research to drive change in customer experience for the better. Holly is always up for a hike or swim and enjoys spending time with her three dogs.
